

WE ARE GOING ON A HOLIDAY TO BIG4 Renmark Riverfront Holiday Park

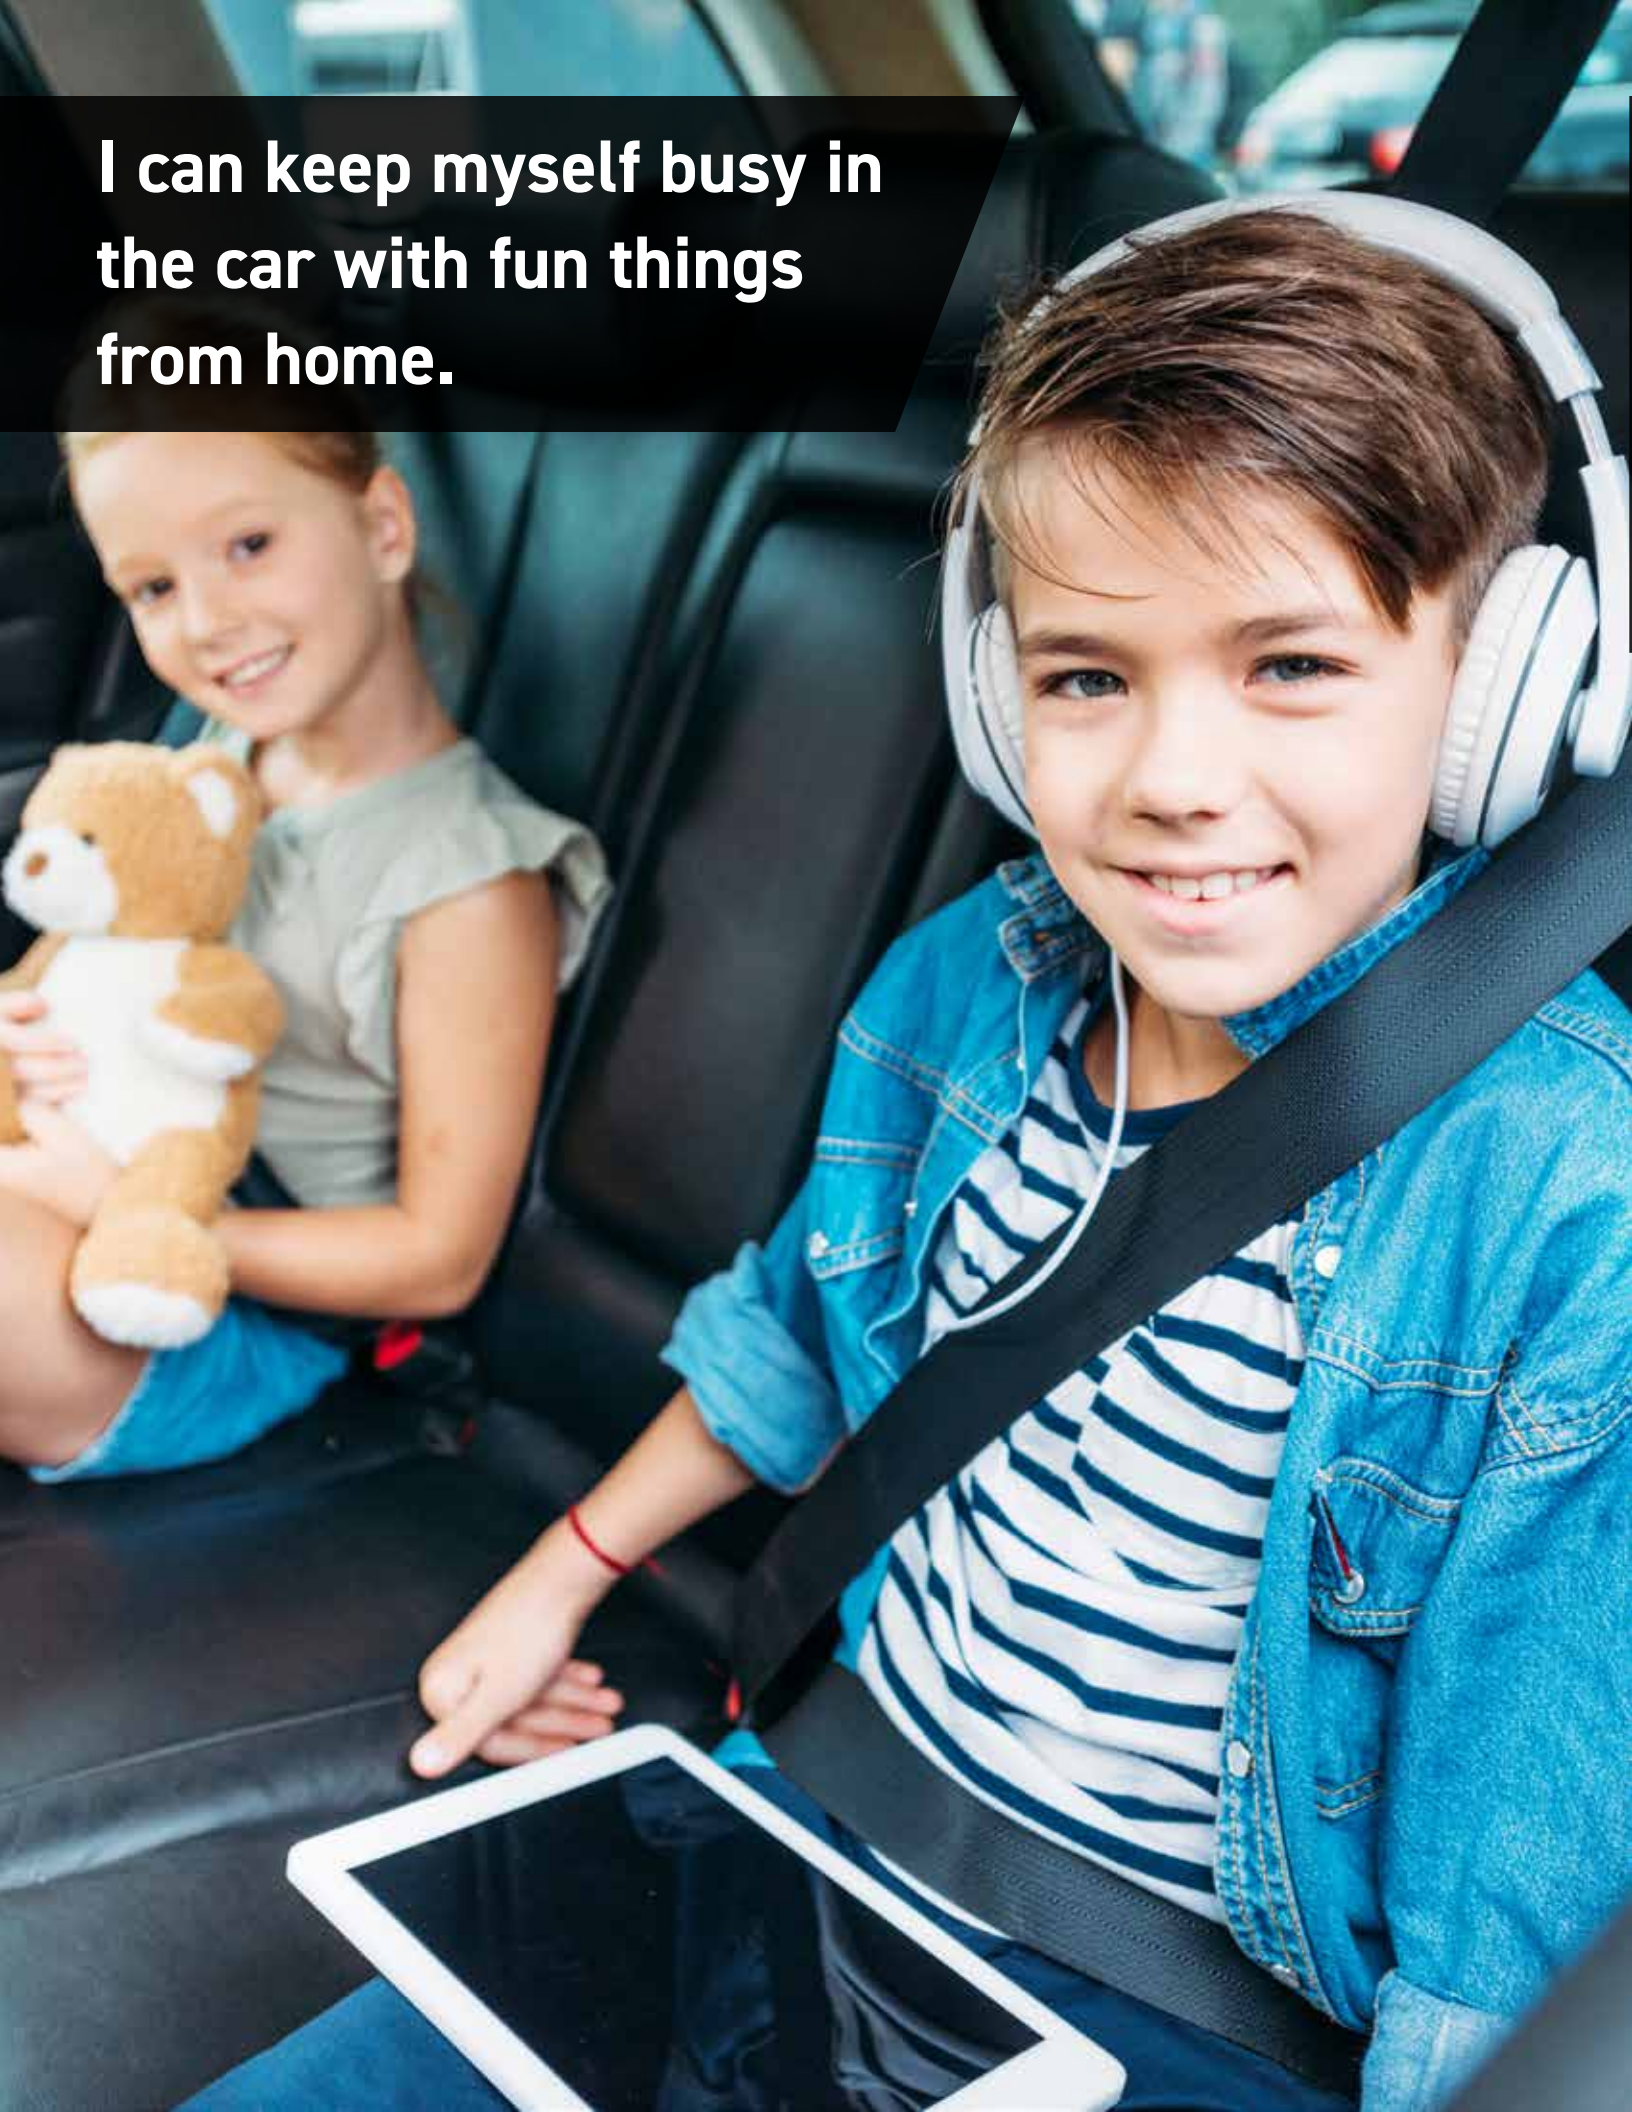

When we go on holiday, we pack lots of things into the car. There is not a lot of room, so I have to choose the things I really want to bring and leave other things home.

We will be in the car for long time. Many of the roads are long and straight. They look like they will go on forever. I might be excited to get to the holiday park, but I need to be patient and quiet in the car. Adults need to concentrate on the roads and the maps, this can be very stressful for them.

**I can keep myself busy in
the car with fun things
from home.**

I might just want to relax and look out the car window. As we get closer to Renmark the ground becomes dusty and red. The plants are bushier and dry.

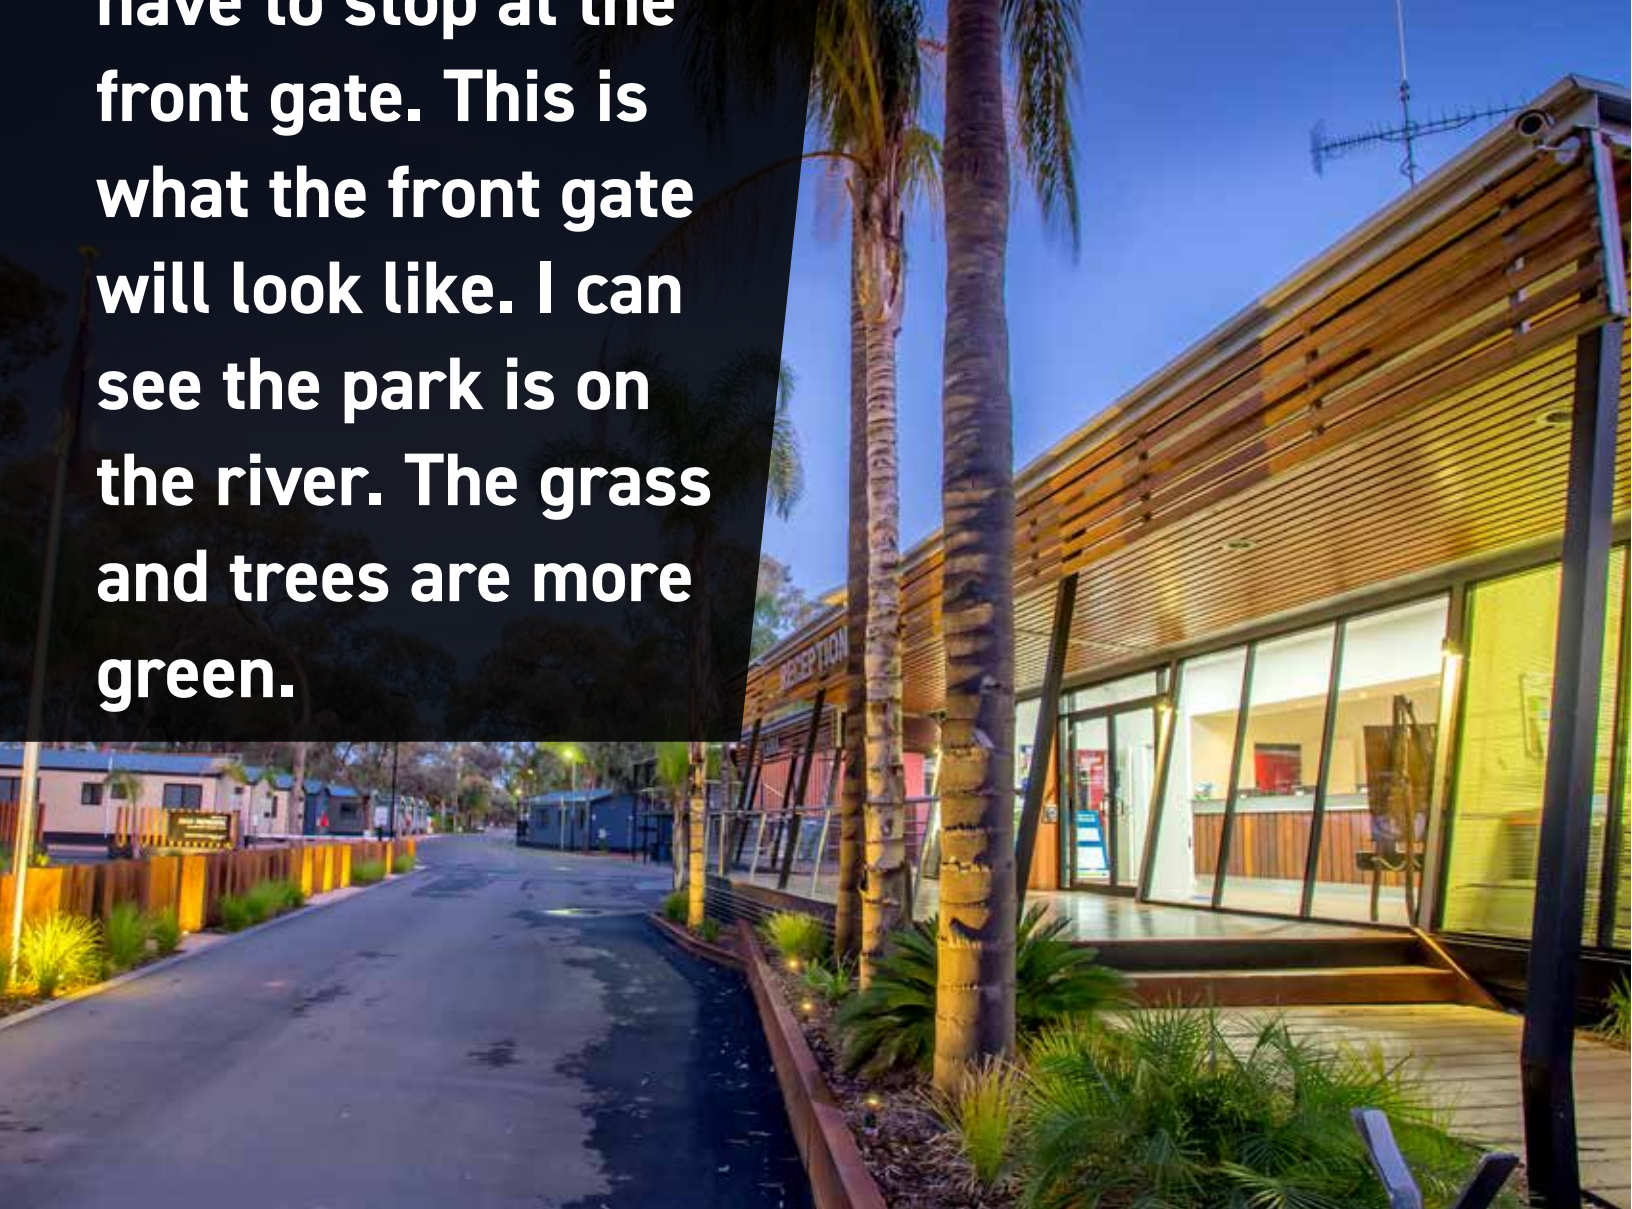

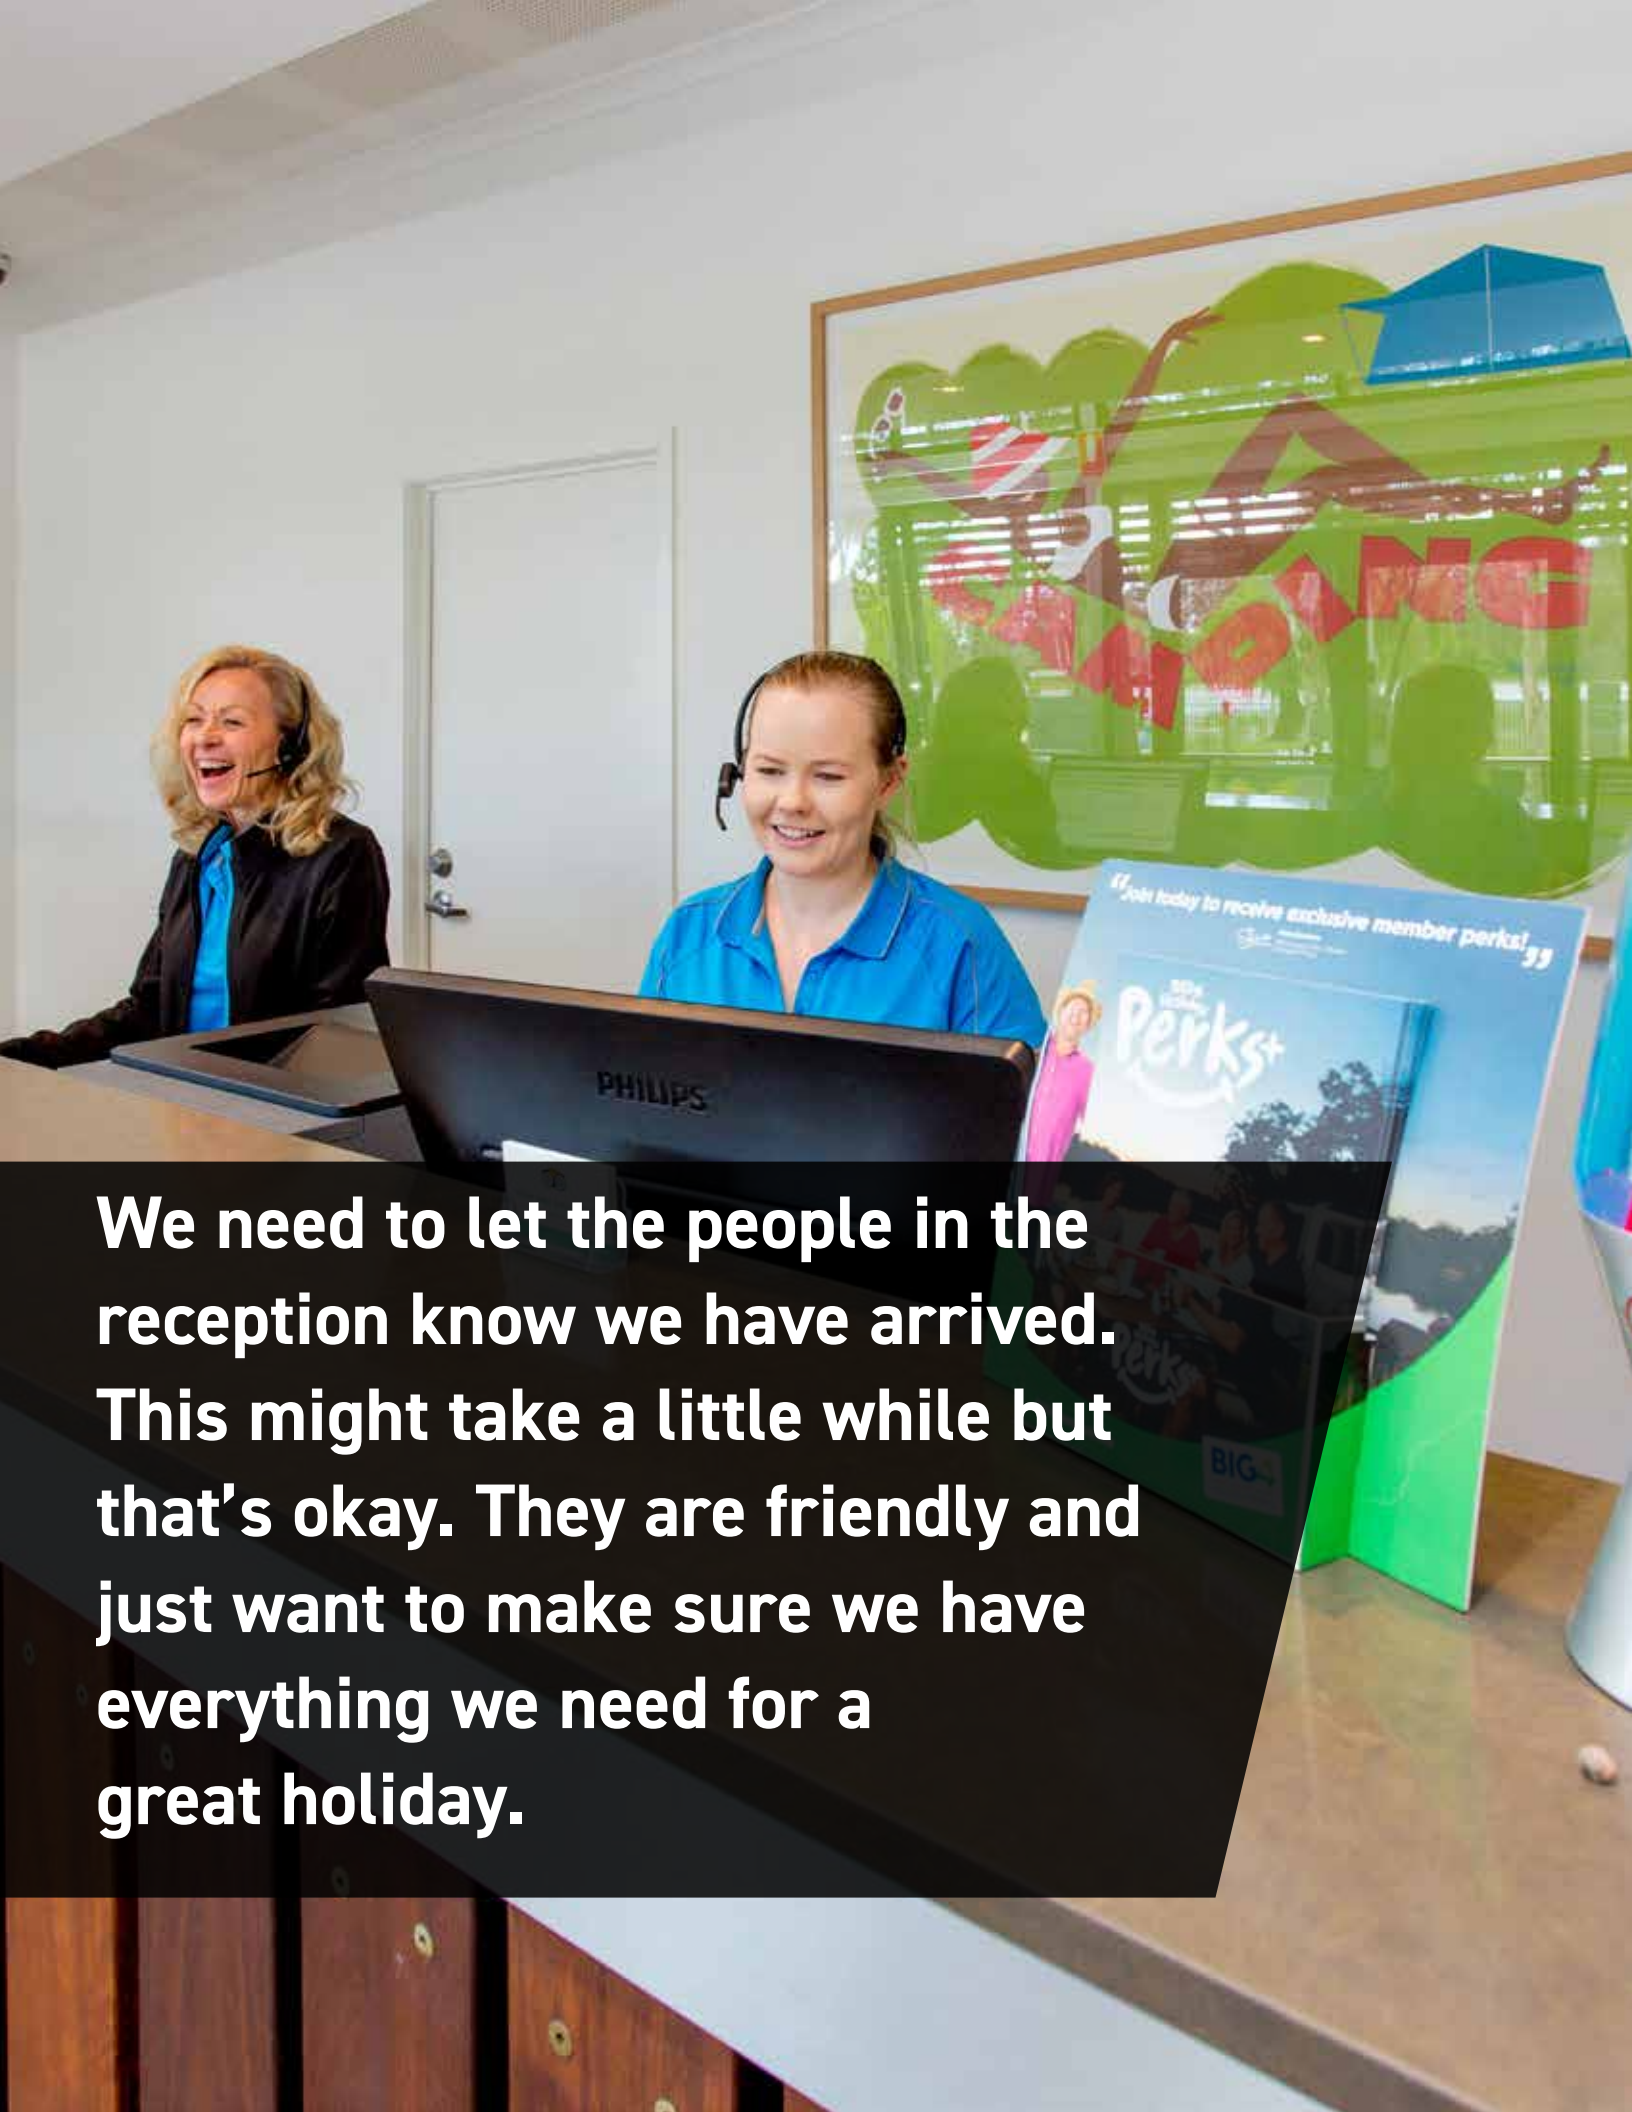

**If I keep looking out the
window I could see
anything!
Maybe some wonderful
Australian animals!**

When we arrive at the holiday park we will have to stop at the front gate. This is what the front gate will look like. I can see the park is on the river. The grass and trees are more green.

We need to let the people in the reception know we have arrived. This might take a little while but that's okay. They are friendly and just want to make sure we have everything we need for a great holiday.

At the holiday park some people stay in little houses called cabins...

**...or little houses on wheels called
caravans...**

**...or maybe even smaller fabric houses
called tents.**

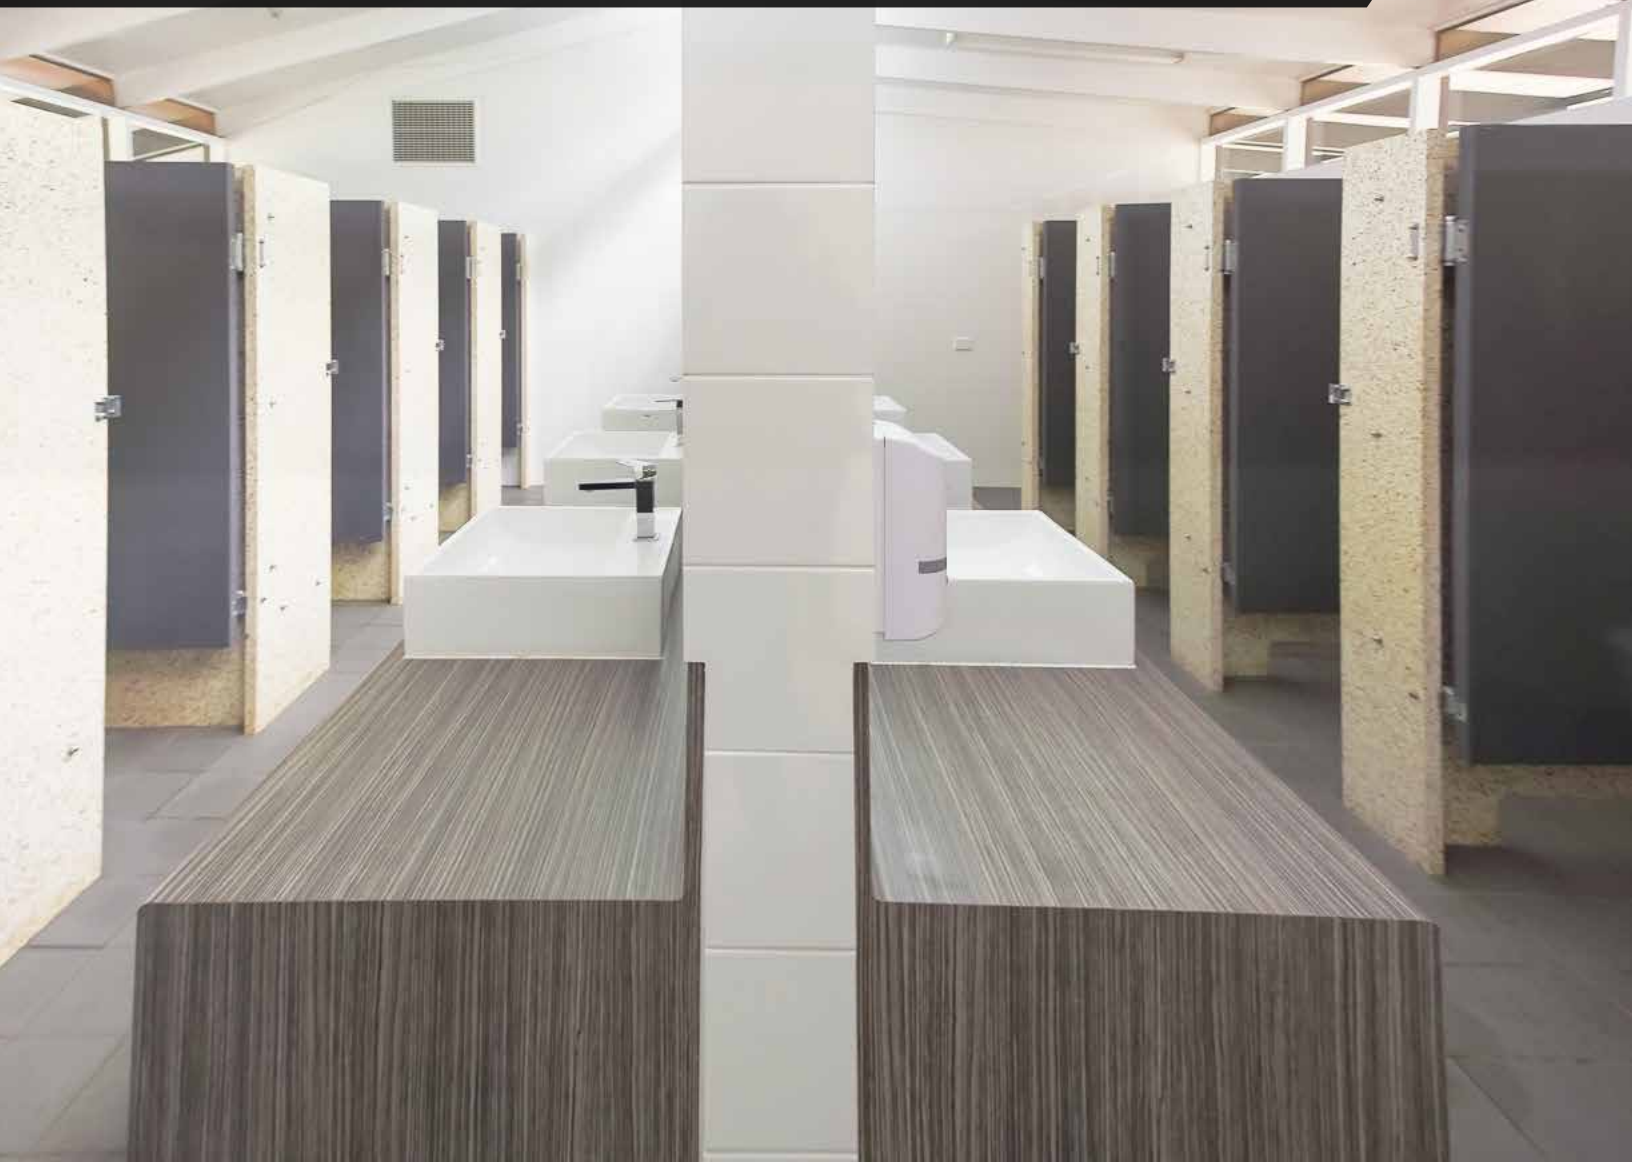

Which ever little house we stay in will look and feel different to home, but that's okay. We will still have somewhere comfy to sleep...

...and somewhere to wash, shower and go to the toilet.

**There is somewhere for us
to cook....**

... and somewhere to sit and eat together.

**I can still watch TV and
movies if I want to,
but...**

**...if I want to go outside,
there are heaps of fun
things to do. There is a
great big pool,**

**...with an awesome
water park.**

**There is a
jumping pillow.**

Playgrounds

Indoor Playland

All sorts of
bike-riding.

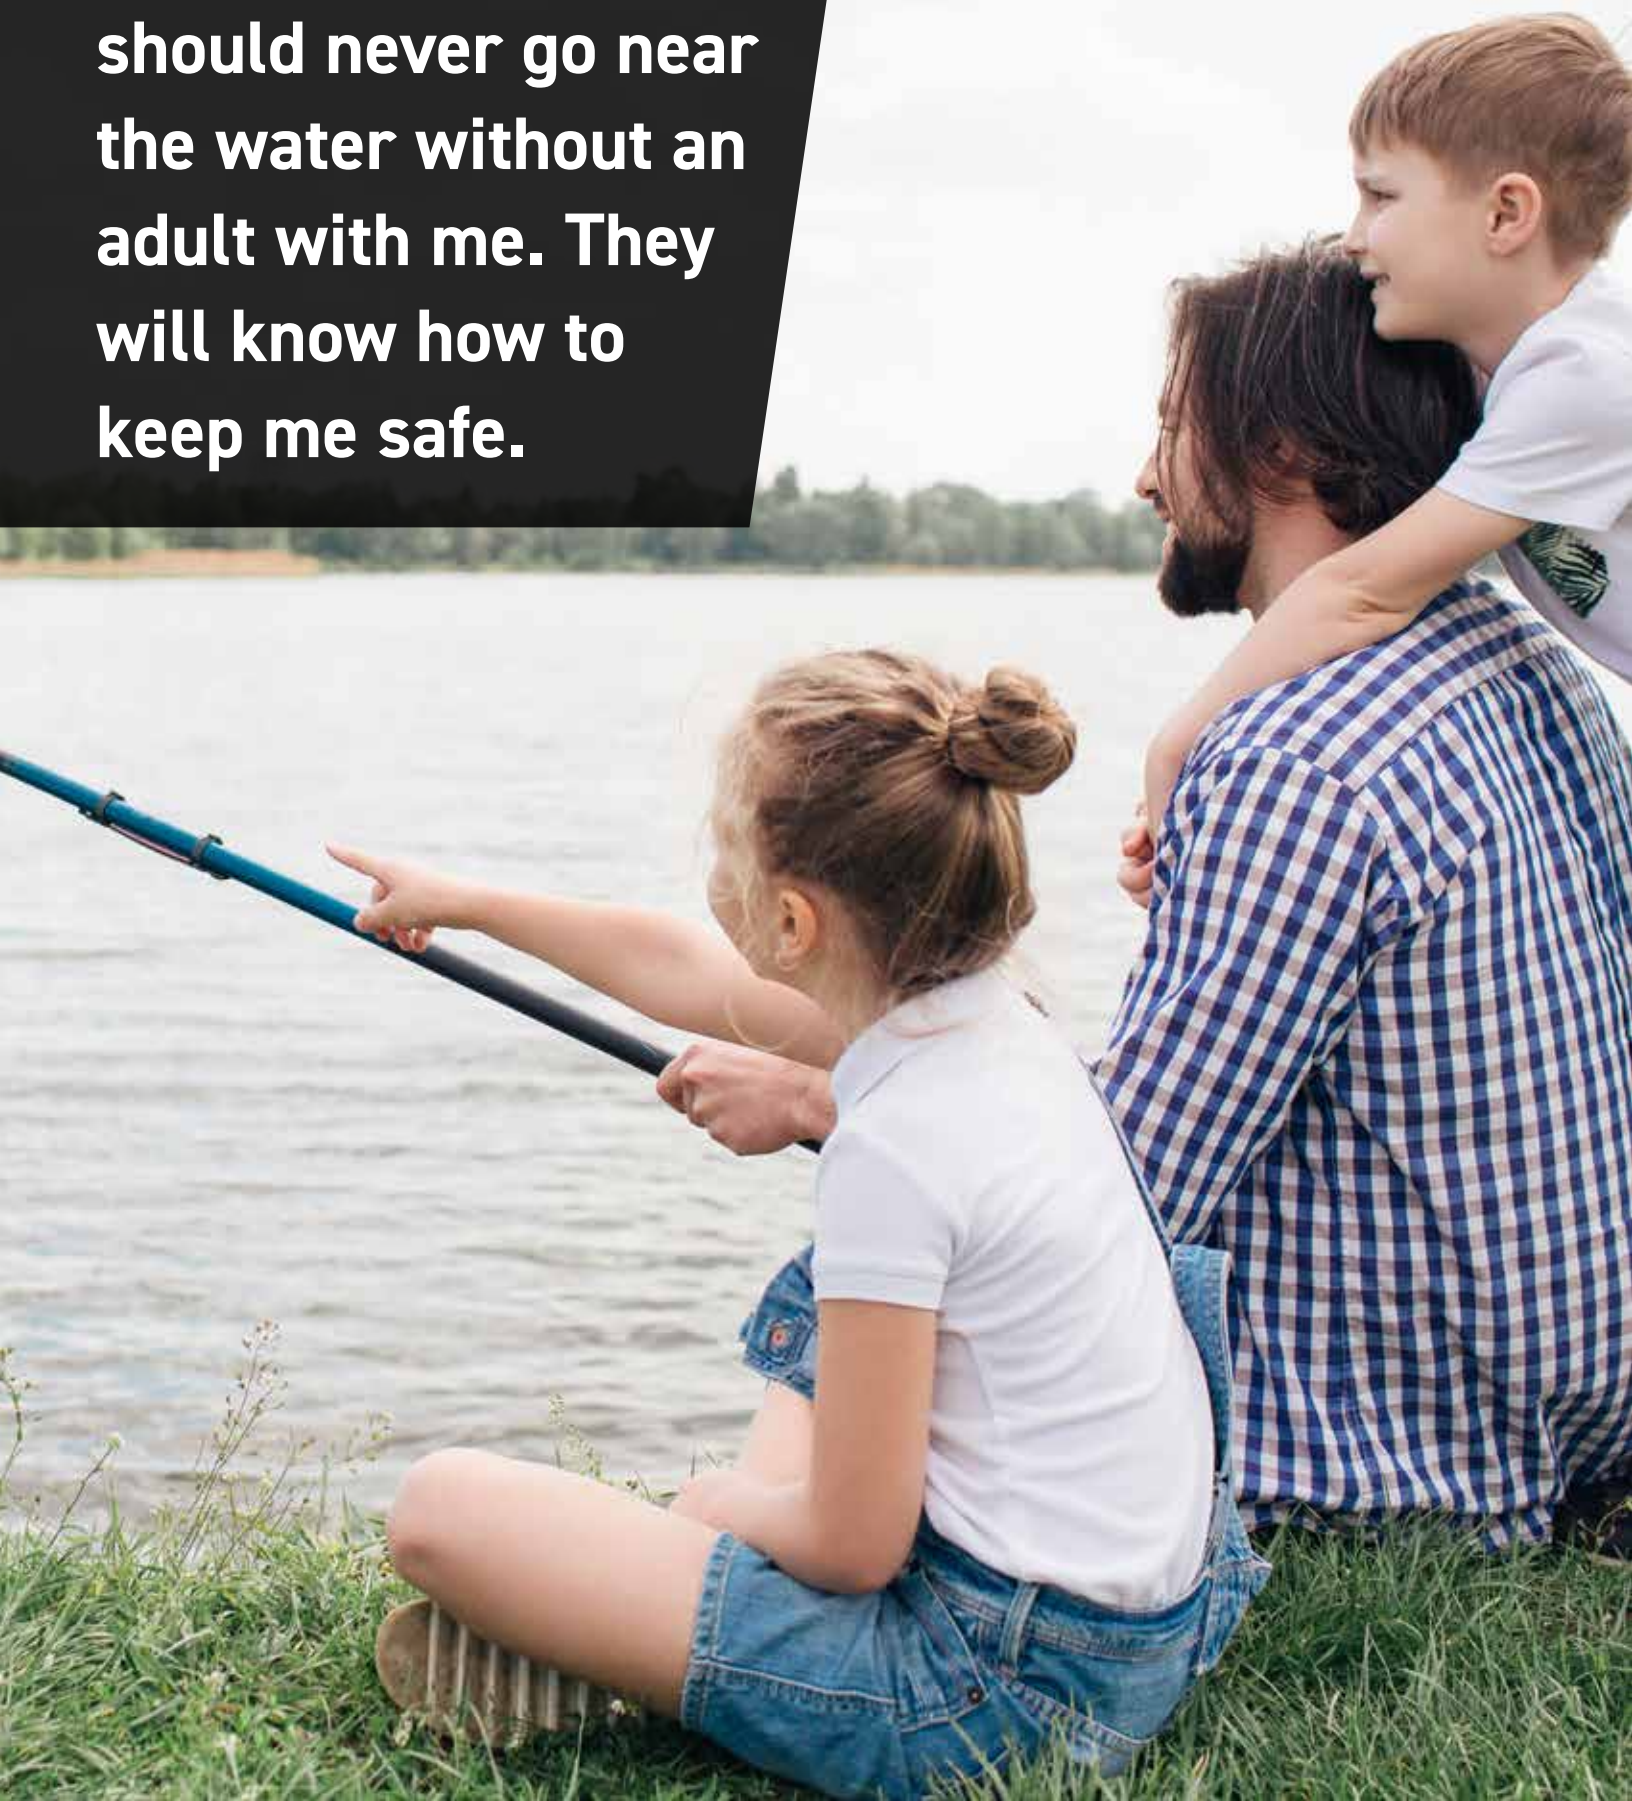

**Lots of different
games to play.**

The river is really beautiful. We will get to see lots of people having fun on the river.

The river is great, but it is really deep. So I should never go near the water without an adult with me. They will know how to keep me safe.

**There are lots of
friendly birds at
the holiday park.
Sometimes there
are other animals
that visit too.**

**There are lots of
places and things
to see in Renmark,
like old paddle
steamers.**

**At home I live with just my family.
But at the holiday park I will be
living with lots of other families.
I need to remember that
other people are trying to relax,
so I will try not to be too noisy.**

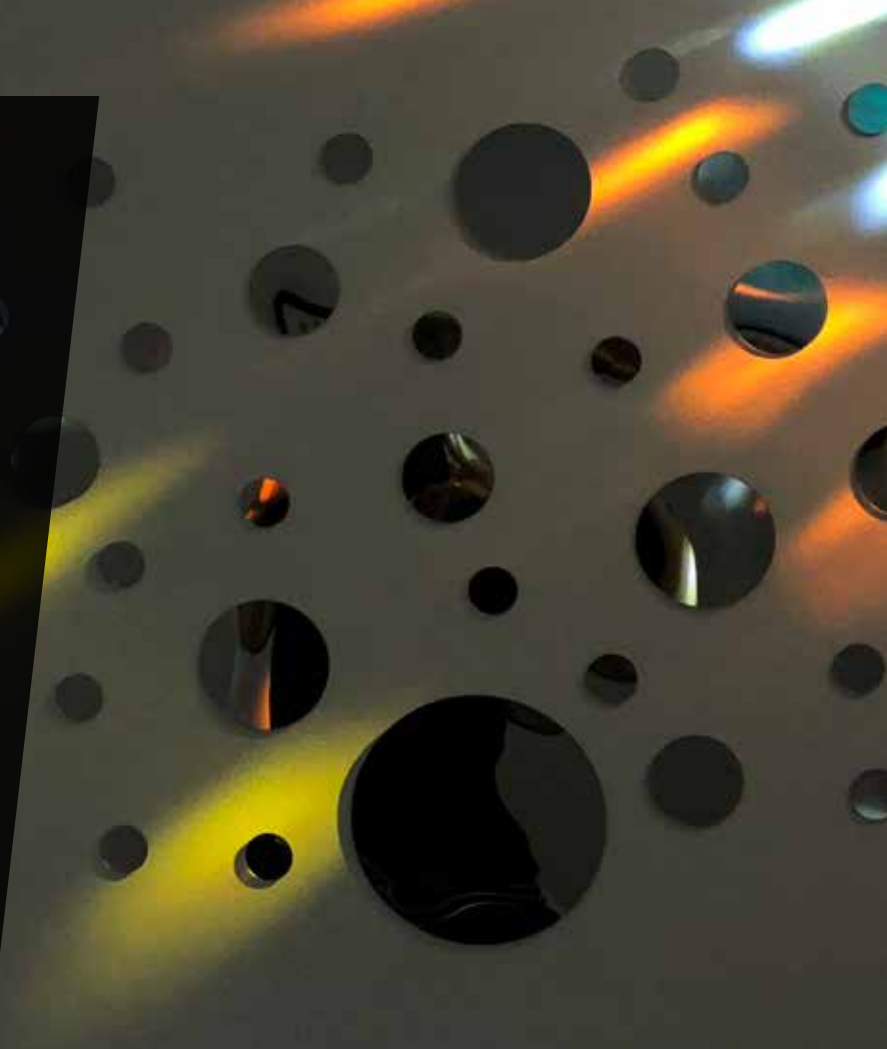

There will be lots of people I don't know, so I will remember the rules about not talking to strangers and always make sure my family know exactly where I am.

**I will need to take
turns with other
children in the park.**

The holiday park is lots of fun, but if I ever need somewhere quiet, there is a sensory room where I can calm myself. Our family just needs to ask for a key.

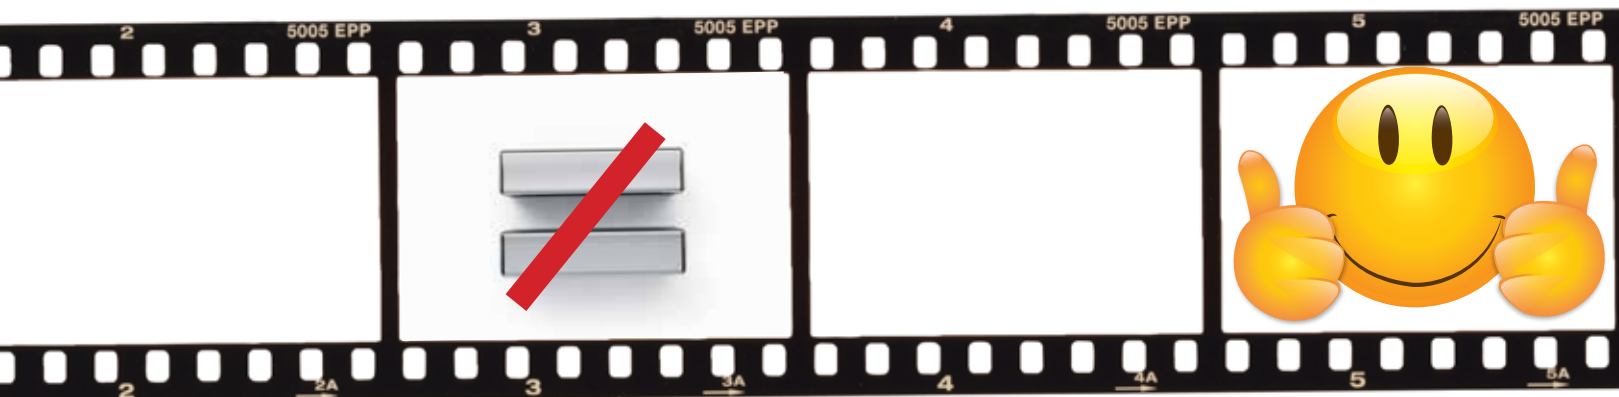

Holidays are great fun, but I need to be always aware of the rules that keep me safe. I will only use the pool with an adult. I will watch out for cars around the park and I will remember to wear my safety gear – like bike helmets and life-vests.

**Most of all, I will
remember to relax
and have fun.**

Going on holiday is lots of fun.

It's different, but it's okay.
